Vi: background and turbulence answer different questions
Mean: background profile
Truth
Balanced
Spectral
km/s
Radial mesh distance from x16 (cm)
Fluctuation RMS: amplitude
km/s
Radial mesh distance from x16 (cm)
Fluctuation power: scale content
km/s squared
Physical toroidal mode n
Mean error: model − truth
km/s
Radial mesh distance from x16 (cm)
RMS error: model − truth
km/s
Radial mesh distance from x16 (cm)
Complex-mode RMSE
km/s
Physical toroidal mode n
